Dear guests,

Dear Visitors,

I warmly welcome you to the **6th Premium Real Estate Expo**, the leading real estate exhibition in Greece with an international outlook, hosted once again at Metropolitan Expo from **May 15th to 17th**. For six consecutive years, our exhibition has served as a vital communication bridge between the dynamically growing Greek real estate market and international investment interest. Our primary goal remains to create a vibrant environment for cross-border collaborations, promoting extroversion and showcasing the unique opportunities that Greece has to offer to the global community.

At the Metropolitan Expo, you will have the opportunity to connect with top Greek and international companies, discover new investment projects, and stay informed about the latest trends in the global market. This year, our international Hosted Buyer Program further enhances the cross-border nature of the exhibition by facilitating profitable meetings and strategic agreements. At the same time, the **6th Real Estate Forum** provides a unique platform to stay at the forefront of industry developments and gain a significant competitive advantage in today's dynamic market.

We invite you to experience this exceptional opportunity for networking and business growth at Greece's leading exhibition center. We wish you a highly productive and successful 6th Premium Real Estate Expo!

Warm regards

The story of Gruppo Cucine has been defined from the very beginning by creativity, passion, and vision, inspired by its founder, Konstantinos Leventakis, father of George. His goal was not only to produce high-quality kitchen furniture, but to transform and enhance the everyday lives of families, making them more beautiful and meaningful. This vision continues to guide Gruppo Cucine today: to use craftsmanship and creativity to improve customers' lives by offering unique kitchens where people can share special moments with loved ones. Sustainability is also a core priority. Gruppo Cucine is committed to addressing climate change by working with brands that use certified recycled and reusable materials, ensuring environmentally friendly production. In addition, the company relies on solar energy to power its operations. Through its Corporate Social Responsibility program, Gruppo Cucine plants one tree for every kitchen sold, aiming to give back to nature and balance the resources used in production.

CUSTOM REAL ESTATE APPLICATIONS/CRM, PROPERTY MANAGEMENT, WORKFLOW AUTOMATION, AI TECHNOLOGIES, WEBSITE DESIGN, EXTERNAL SYSTEM INTEGRATIONS, CONSULTING

We are a specialized technology partner focused exclusively on the real estate industry, helping ambitious agents, brokers, and agencies grow faster through advanced CRM systems, deep workflow automation, AI-powered tools and custom software solutions.

With 15+ years of experience, we understand the daily challenges of real estate professionals and transform them into practical, powerful, and future-ready technology systems. We make custom-built CRM solutions accessible and affordable to agencies that want to compete at the highest level — not only to a few companies with large budgets.

Our key difference is customization depth. We design CRM systems and workflows around the exact way each agency operates, replacing rigid, generic software with tailored solutions that adapt to your business needs. From property management, customer requests, viewings, follow-ups, marketing, reporting, integrations, automation, and strategic workflows, we help agencies organize every detail and operate with greater speed, accuracy, and control.

Our systems are easy to use, fast, reliable, intelligent, and scalable. They help reduce repetitive work, avoid missed opportunities, improve collaboration, strengthen client service, and support better decisions — while enabling agents to work efficiently from anywhere.

We combine innovation, deep industry knowledge, and a strong problem-solving mindset to deliver systems that fit your business, support your growth, and create measurable competitive advantage.

DESIGN + BUILD, REAL ESTATE APPRAISAL, PROPERTY MANAGEMENT, BUILDING PERMIT, DESIGN + ANALYZE BUDGET

The foundations of ICON Group were laid in 1969 by Giorgos Managoudis, whose evolution from a specialized technician to a visionary leader redefined technical excellence. By integrating mechanical engineering and expanding both horizontally into diverse HVAC applications and vertically from design to implementation, he established a legacy where passion dictates the height of technical ambition. A pivotal alliance with Vasilis Karteris in 1988 further solidified this professional trajectory. Today, ICON Group flourishes as a prominent family-driven enterprise, led by the second generation: CEO Dimitris Managoudis and CTO Dimitris Karteris. Currently employing 70 specialized professionals—including descendants of original partners and subcontractors—the company preserves a unique corporate culture where family values act as the primary force of cohesion. This continuity ensures that every single project reflects the same zeal and commitment to quality that defined our origins. ICON Group remains a symbol of how artisanal precision and dedicated partnership scale into comprehensive, high-level engineering excellence for the modern industrial era.

MARBLE INDUSTRY

Company Chatzakis Marbles was established in 1945.

Today, with over 50 years of experience and notable activity in both the domestic and the international market, Chatzakis Marble can meet all needs and requirements architects and constructors may have. Chatzakis Marble, one of the most renowned marble industries in Greece and abroad, has the expertise and the specialized personnel to respond immediately to the most demanding requirements in construction. At its privately owned facilities in Vrilissia, it produces and processes marble, granite, quartz, ceramic and ornamental stone. Our quality of work, our personalised service and our competitive prices are few of the reasons why customers make us the preferred supplier choice and maintain long-term partnerships with our Company. At our premises we operate 2 showrooms with a total surface area of 250 sq.m. where various natural stones, marbles and granite are put on display in a range of applications. Chatzakis Marble engages both in retail and in wholesale. The company supplies professionals in the construction branch, architects working private projects, building contractors and major construction and engineering companies in the public and private sector, having a large customer network both in Greece and abroad. Many large public and private projects performed in Greece and abroad over many years bear the signature of Chatzakis Marble.

RealFlow Agency is a media production and lead generation agency built specifically for the real estate industry. It combines high-end visual content with performance marketing to not only showcase properties, but actively drive demand and generate qualified leads.

On the production side, RealFlow creates premium video content, including property tours, lifestyle-driven visuals, and short-form social media videos designed to capture attention and increase engagement. Each piece of content is crafted with a clear objective: to position properties and brands in a way that converts viewers into potential buyers or renters.

On the marketing side, the agency leverages targeted advertising, funnel strategies, and platform-specific content distribution to turn that attention into measurable results. From awareness to inquiry, RealFlow builds systems that consistently generate inbound leads.

By bridging the gap between content and performance, RealFlow positions itself not just as a creative partner, but as a growth engine for real estate businesses.

Ask Wire is the Decision Co-Pilot for real estate professionals operating in high-scrutiny, information-asymmetric markets. Proven in Greece and Cyprus and built for any opaque market, Ask Wire prepares teams ahead of time with briefing packs, delivers answers under pressure, and builds decision memory over time. Value doesn't just come from dashboards but also from briefs, alerts, and evidence packs when needed. In parallel, Ask Wire functions as an opportunity engine, identifying signals, anomalies, and deal opportunities before the market reacts. The result is faster preparation, lower decision risk, and a system that compounds professional advantage with every use.

What this means in practice:

- Agents: defend prices, win trust, and show up prepared.
- Developers: avoid blind spots, validate bets, find upside earlier.
- Institutions: lowest-risk path to faster, audit-ready decisions.

Η ΑΒΒ ΣΤΗΝ ΕΛΛΑΔΑ

Διαμορφώνουμε το μέλλον, μαζί!

Η ΑΒΒ είναι τεχνολογικός ηγέτης στον τομέα του ηλεκτρολογικού εξοπλισμού και του βιομηχανικού αυτοματισμού, καθιστώντας δυνατό ένα πιο βιώσιμο και αποδοτικότερο από πλευράς πόρων μέλλον.

Οι λύσεις της εταιρείας συνδέουν την τεχνογνωσία της επιστήμης της μηχανικής με τα λογισμικά για τη βελτιστοποίηση του τρόπου με τον οποίο κατασκευάζουμε, μετακινούμαστε, τροφοδοτούμε και λειτουργούμε.

Η παρουσία της ΑΒΒ στην Ελλάδα συμβάλλει ουσιαστικά στην τεχνολογική ανάπτυξη της χώρας, στοχεύοντας στην αποτελεσματική χρήση της ηλεκτρικής ενέργειας και στην αύξηση της παραγωγικότητας με ιδιαίτερη μέριμνα για το περιβάλλον. Η ΑΒΒ είναι μεταξύ των βασικών προμηθευτών των μεγάλων βιομηχανιών, του ναυτιλιακού τομέα της χώρας καθώς και κτιριακών εγκαταστάσεων με το φιλοσοφία one-stop-supplier.

Ο Τομέας Ηλεκτρολογικού Εξοπλισμού Διανομής και Εγκαταστάσεων της ΑΒΒ προσφέρει ένα ευρύ φάσμα προϊόντων, ψηφιακών λύσεων και υπηρεσιών, από τον υποσταθμό έως το σημείο της κατανάλωσης, επιτρέποντας την ασφαλέστερη και πιο αξιόπιστη ροή ισχύος. Σειρά ψηφιακών και συνδεδεμένων στο δίκτυο καινοτομιών για ηλεκτρικές εγκαταστάσεις χαμηλής και μέσης τάσης, που συμπεριλαμβάνουν υποδομές ηλεκτροκίνησης, modular υποσταθμούς, προϊόντα αυτοματισμού διανομής, προστασία ισχύος, υλικά ράγας και διακόπτες φωτισμού, πίνακες χαμηλής και μέσης τάσης, κουτιά εγκιβωτισμού διακοπών, συστήματα καλωδίωσης, αισθητήρες και ελεγκτές.

Η ΑΒΒ στην Ελλάδα καλύπτει και την εμπορία Συστημάτων Κλιματισμού, εκπροσωπώντας τους κορυφαίους διεθνείς οίκους κλιματισμού Hitachi, Clivet, Flaktgroup και York προσφέροντας τεχνολογίες υψηλής ενεργειακής απόδοσης και προηγμένες εφαρμογές HVAC για σύγχρονα κτίρια.

The ABB logo is positioned in the top right corner of the page, set against a clear blue sky. It consists of the letters 'ABB' in a bold, white, sans-serif font, with a small square icon to the right of the letters.

SMART BECOMES... SUSTAINABLE

Η βιωσιμότητα στο
επίκεντρο των
δραστηριοτήτων μας

Η αρχιτεκτονική και η κατασκευή εξελίσσονται. Τα κτίρια δεν αποτελούν πλέον απλούς χώρους φιλοξενίας. Γίνονται δυναμικές υποδομές που υποστηρίζουν σύγχρονους τρόπους διαβίωσης, εργασίας και συνεργασίας, με αυξημένες απαιτήσεις για άνεση, ευελιξία και ενεργειακή απόδοση.

Η μετάβαση σε "έξυπνα" και βιώσιμα κτίρια εισάγει μια νέα εποχή στον σχεδιασμό και την κατασκευή. Ο συνδυασμός αυτοματισμών, ψηφιακών τεχνολογιών, ανανεώσιμων πηγών ενέργειας και προηγμένων συστημάτων διαχείρισης δημιουργεί κτίρια που λειτουργούν με υψηλή απόδοση, χαμηλό κόστος λειτουργίας και μειωμένες εκπομπές και περιβαλλοντικό αποτύπωμα.

Η ABB υποστηρίζει αυτή τη μετάβαση με ολοκληρωμένες λύσεις αυτοματισμού που διευκολύνουν το intelligent design, βελτιστοποιούν την ενεργειακή απόδοση και μετατρέπουν κάθε κτίριο σε ένα πλήρως διασυνδεδεμένο, ευέλικτο και βιώσιμο περιβάλλον.

Με τεχνολογίες που ενσωματώνονται εύκολα σε νέα έργα ή υφιστάμενες εγκαταστάσεις, προσφέρουμε σε αρχιτέκτονες, μελετητές και κατασκευαστές τα εργαλεία για να σχεδιάσουν και να υλοποιήσουν τα κτίρια του μέλλοντος, σήμερα.

ITALIAN KITCHEN FURNITURE & WARDROBES

The story of Gruppo Cucine has been defined from the very beginning by creativity, passion, and vision, inspired by its founder, Konstantinos Leventakis, father of George. His goal was not only to produce high-quality kitchen furniture, but to transform and enhance the everyday lives of families, making them more beautiful and meaningful. This vision continues to guide Gruppo Cucine today: to use craftsmanship and creativity to improve customers' lives by offering unique kitchens where people can share special moments with loved ones. Sustainability is also a core priority. Gruppo Cucine is committed to addressing climate change by working with brands that use certified recycled and reusable materials, ensuring environmentally friendly production. In addition, the company relies on solar energy to power its operations. Through its Corporate Social Responsibility program, Gruppo Cucine plants one tree for every kitchen sold, aiming to give back to nature and balance the resources used in production.

PREMIUM SYNTHETIC GRASS, NEXT GEN ECO TURF SOLUTIONS, SPORTS FLOORING

Panda Sports Landscape | Royal Grass Premium Turf Systems

Panda Sports is a leading company in Greece specializing in premium landscape and sports surface solutions. Through our Landscape division, we design and deliver high-end outdoor environments for private residences, hotels, and commercial projects, combining aesthetics with long-term performance.

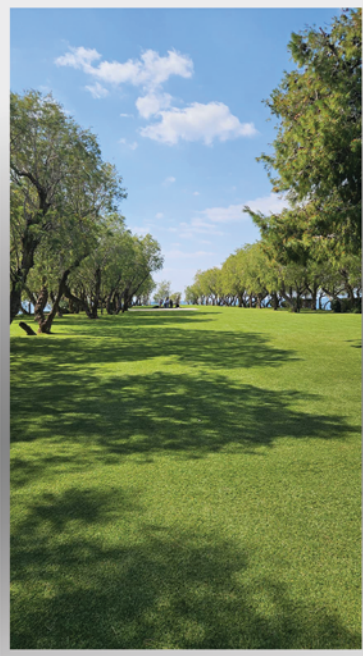

In partnership with Royal Grass®, a globally recognized Dutch brand, we offer advanced turf systems that replicate the natural look and feel of real grass. Innovative technologies ensure durability, softness, and a realistic appearance all year round.

Our solutions are designed with sustainability in mind, significantly reducing water consumption and maintenance needs while providing safe, eco-friendly surfaces.

From consultation and design to professional installation and after-sales support, Panda Sports delivers complete, reliable project solutions.

Panda Sports Landscape stands for quality, innovation, and natural-looking results that elevate every outdoor space.

PREMIUM SYNTHETIC TURF Next Gen ECO Turf

The most natural artificial grass.

Thanks to innovations inspired by nature, the PandaGARDEN Collection is barely distinguishable from real grass.

Sustainable

Thanks to our carefully selected raw materials, you'll enjoy your lawn for years.

8-15-year warranty

High-quality raw materials and technologies ensure that the artificial grass stays beautiful for years.

Panda Sports delivers a full-service landscaping experience, providing not only premium synthetic turf but also expert consultation, site preparation, and professional installation tailored to each project.

Panda TOOLS provides specialized installation equipment, professional machinery, and high-performance tools designed to ensure precise synthetic turf application and long-lasting project quality. Our advanced maintenance **Panda Brushes** and cleaning systems help preserve the appearance, performance, and durability of artificial grass surfaces, keeping every installation in optimal condition year-round.
